• All Natural
Pre-Emergent Herbicide

• Contains
Slow Release Nitrogen

• 100% Corn Gluten Meal

• Chemical Free

• For All Turfgrasses
and Plants

• Easy to Apply, Non-Burning

NC551 40 lb. 8-13958-02551-9

Nature's Creation® PREVENT Corn Gluten Spreadable or Meal is a non-selective, natural pre-emergent herbicide which feeds turfgrasses, flowers, vegetables, trees and shrubs. Its natural pre-emergent herbicidal properties prevent germination of broadleaf weeds, annual and perennial grasses. It works by inhibiting the feeder root development of germinating seeds. Because it will not kill existing plants which have already germinated, it may be safely used around transplants and plants with established root systems. Its Nitrogen content will release slowly and feed your plants over a three to four month period without burning. **Nature's Creation® PREVENT Corn Gluten Spreadable or Meal** does not contain any synthetic chemicals so your kids and pets can enjoy your lawn right after application.

Proper application timing is critical. This product must be applied and watered in with approximately 1/4 inch of water prior to germination of target weeds. Although rains usually provide adequate moisture, water if it does not rain within 5 days of application. Following application, water deeply and infrequently.

A short drying period is required between waterings for maximum effectiveness. Do not disturb soil surface after activating. This product is non-selective. DO NOT use on areas where grass seed or other desirable seeds are to be sown within 120 days. (Apply anytime after the second mowing or after plants are established.)

Our **Nature's Creation® Corn Gluten Meal** is a fine powder while the **Nature's Creation® Corn Gluten Spreadable** is made into small particles for easy spreading with a rotary spreader.

Weeds Controlled

Crabgrass (*Digitaria spp.*)
Dandelion (*Taraxacum officinale*)
Annual Bluegrass (*Poa Annua*)
Annual Ryegrass (*Lolium spp.*)
Creeping Bentgrass (*Agrostis palustris*)
Common Lambsquarter (*Chenopodium album*)
Buckthorn Plantain (*Plantago lanceolata*)
Curly Dock (*Rumex crispus*)
Common Groundsel (*Senecio vulgaris*)
Bristly Oxtongue (*Helmithotheca echioides*)
Giant Foxtail (*Setaria faberi*)

Quackgrass (*Agropyron repens*)
Redroot Pigweed (*Amaranthus retroflexus*)
Purslane (*Portulaca oleracea*)
Fall Panicum (*Panicum dichotomiflorum*)
Common Velvet Grass (*Holcus lanatus*)
Barnyardgrass (*Echinochloa crusgalli*)
Black Medic (*Medicago lupulina*)
Yellow Foxtail (*Setaria lutescens*)
Annual Sedge (*Cyperus compressus*)
Yellow Woodsorrel (*Oxalis corniculata*)
Common Chickweed (*Stellaria media*)
